DELEGADO

I joined Regnum Christi in Mexico during the fun summer missions in 1996. I then spent a few weeks with the consecrated men in Medicina, Mexico before joining the Legionaries of Christ in Bad Münstereifel, then studying in Cheshire and Rome - in total for almost 7 years. I then was attached to the Regnum Christi in Ireland for three years before moving to Austria, where we live a few metres from the Regnum Christi centre in Vienna. My wife and I met at a Youth and Family Encounter in Dublin, Ireland in 2004 and were married by Fr Manuel Aromir LC in Rio de Janeiro in 2009.

### Hobbies

I enjoy speaking about the Church and the Pope! Other themes of interest are the integration of the immigrants from Africa and the Middle East, the role of education and the role of Regnum Christi! I do not have much time for hobbies. But I do try to read a bit of classical English literature.
