## **Emmanuelle de La Guillonnière**

DELEGADA

My husband and I have met the Legion through a friend in Paris 10 years ago, we have spent a lot of time sharing activities and formations with them and I got incorporated in July 2009 (my husband in 2007). I have run the Paris office of an English financial printing company for 12 years but today I don't have anymore professional activity. We have 3 boys and 1 girl aged 23, 20, 15 and 10 years old and we live in the West of Paris. I do catechism at my children's catholic school every week, eucharistic adoration for couples once a month, and couples formation's diners once a month. I also help punctually to organize retreats, or special events like Christ our King. I was in Rome with my husband at the first international convention for the Statuts in June 2013, and at Bad Münstereiffel in Germany for the territorial convention in February 2016. I am very happy to participate to this great work for the Regnum Christi's rebirth as it is such an important movement and I have faith in his essential role in the Church. I have already experimented that the Holy Spirit was guiding us in our previous meetings and I am confident that He will continue to illuminate our discussions in Rome to find the best words to help lay people to accomplish their mission.

REGNUM CHRISTI

Que ton Règne vienne!
